This survey is part of a study to measure the economic and social impact of arts and culture on Cache County. Your answers are anonymous. Please scan the QR code and answer all the questions. *Once upon a time, two sisters lived and worked together and dreamed of very different things. Maggie was a smart, talented girl with a desire to make life better, and Joy was a kind, generous girl with a love for the life she already had.*

*But one kind deed for the queen of the fairies changes everything for them.*

*With songs taken from American folk music, the sisters sing their way through misadventures, involving a kind king, an adventure seeking shepherd and his musical sheep, some very loyal guardsmen, sarcastic siblings, and plotting advisors, while learning a powerful lesson about making your own happily ever after.*

## Counting Sheep

*Ev'ry morning is just the same  
I wake at sunrise each new day  
I count my sheep as we walk along  
And in my mind I hear them say:  
Just keep counting the sheep  
Just keep counting the sheep.*

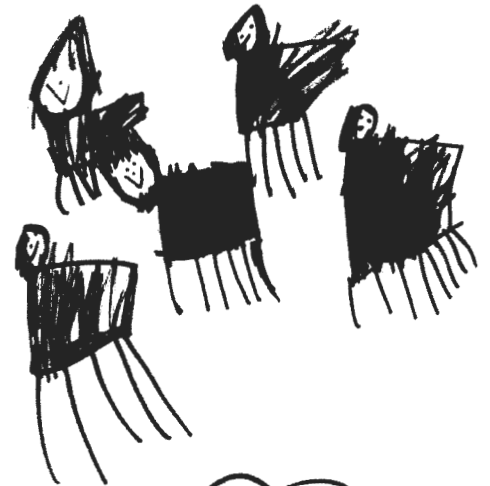

### Chorus

*Just keep counting all of the sheep,  
'Cuz this is what you were born to do.  
Counting the sheep is what I was born to do.  
So I'll keep counting all the sheep,  
I'll keep count of the sheep  
Just keep count of the sheep.*

*I hope someday to break away  
And go trav'ling a-cross the sea.  
Maybe I'd come back home a hero.  
No that could never be me  
No that could never be.  
Just keep counting the sheep.*

JOANNA

## Going to War

Come join the army  
 Come join the army  
 Come join the army  
 And we'll all go to war

Will you come with me, my people?  
 Will you come and join this fight?  
 I didn't ask for this war. The cost will be quite high.  
 I promise you, my people, I really just want peace.  
 But I will fight for our home 'til our enemy will cease.

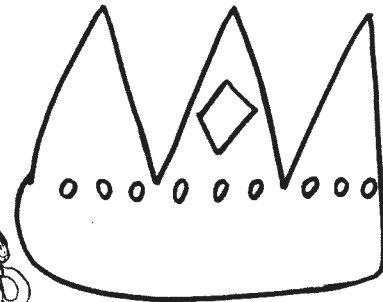

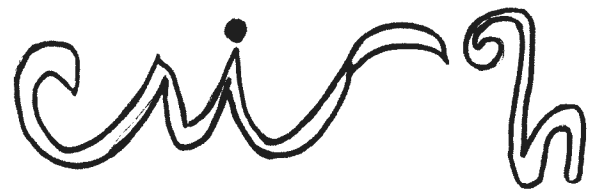

Come join the army  
 Come join the army  
 Come join the army  
 And we'll all go to war!

Oh, we'll protect our lovely home from foreign invasion.  
 We'll fight and fight with our might for the full duration.  
 Come join us in this battle; Grab coats and lock the doors.  
 We will all march together and we will all go to war.

## Face-Off

King Charles went to war because I said!  
 Your commoner Queen has been misled!  
 And this little war will kill him DEAD!  
 So, now the queen is ME-o, me-o, me-o  
 And this little war will kill him dead,  
 So now the queen is me-o.

You are the worst we have ever seen.  
 We have never seen a meaner "king".  
 And you're gonna find that we're not so keen  
 To follow where you lead-o, lead-o, lead-o.  
 And you're gonna find that we're not so keen  
 To follow where you lead-o.
